Open View

The newest innovation in Access Panel Systems.

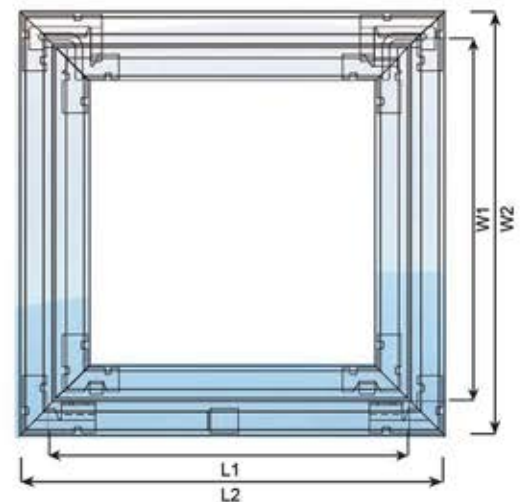

Provide access into drywalls and ceilings with a virtually invisible and flush finish. The door panel can receive the same finish as the surrounding surface and can be removed for full access.

Suitable for both new construction and repairs. Panels arrive ready for installation. This push up access panel is easy to install, where all the frames should be fixed on the top of ceiling and strengthened above after making the opening as per size required by four drywall screws using the same method of any ceiling tile to fit in.

Technical Specification:

| Neck size(mm) | Opening size W1xL1(mm) | Overall size W2xL2(mm) |
|---------------|------------------------|------------------------|
| 458x458 | 450x450 | 508x508 |
| 608x608 | 600x600 | 658x658 |
| 608x1208 | 600x1200 | 658x1258 |

- Available in ceiling or drywall maintenance panel
- 2mm aluminum profile with strong hardware
- White powder coated finish
- With sealing strips between inner and outer frames
- Concealed snap lock to push open easily
